Workshops

ABC of eTwinning

(Irene Pateraki, eTwinning Central Support Service/Dejan Kramžar, Irena Rimc Voglar and Nevenka Mandelj, eTwinning ambassadors SI)

Are you new in eTwinning? Would you like to see how eTwinning looks like? Join us in a hands-on workshop where we will present the possibilities offered by eTwinning portal to schools and teachers/professors collaborating in on-line project work. You will have the opportunity to test eTwinning Live and a virtual online classroom TwinSpace from a first-hand.

The workshop is recommended for newcomers and those experienced in the school projects, who are not familiar with eTwinning platform.

BYOD – your own device is requested for the workshop.

Support your Erasmus+ activities with eTwinning

(Arjana Blažič and Suzana Delić, eTwinning ambassadors CRO)

Did you know? eTwinning platform can support your Erasmus + activities. You will discover how to take advantage of the eTwinning platform to support Erasmus+ mobilities (KA1) and projects (KA2) in different periods of implementation of project activities. Workshop content will be based on best practice examples.

The workshop is recommended for intermediate in Erasmus + and eTwinning.

BYOD – your own smart device is requested for the workshop.

How an innov@ive classroom of the future looks like?

(Amela Sambolić Beganović, National Education Institute Slovenia and Tatjana Gulič, eTwinning ambassador SI)

During the workshop you will learn about applications and programs that enable verification of knowledge with effective and quick feedback. You will be equipped with guidelines (didactical tips) on how to use IT in specific subject area (developed in the frame of professional work of National Education Institute's experts). Moreover, you will design activities for students according to above mentioned guidelines, applications and programs and learn about opportunities for networking and collaboration with partners abroad.

The workshop is recommended for all those who want to enrich and upgrade their teaching with innovative use of IT. BYOD – your own device is requested for the workshop.

How to get involved in international cooperation and develop your first school project?

(Mihaela Zavaršnik Arčnik, National School for Leadership)

Are you beginner in the international cooperation? Would you like to get guidance and tips on how to approach your first international cooperation experience? An experienced applicant will guide you step by step through the process of building a solid basis of your international cooperation application. The main topics of the workshops will be: formation of a project team, analysis of the school's needs, setting of goals and generating project ideas.

The workshop is recommended for beginners in international school cooperation.
