| Short description of the project, including its aims | <p>KBA are interested in projects aimed at:</p> <ol style="list-style-type: none">1. Counterfighting the effects of pandemic crisis at local level and EU co-operation level, by finding practical solutions and best methods for local wealth building and to act against poverty, wage stagnation, low productivity, loss of jobs, emigration, underinvestment and widening inequality of income and wealth in Lithuania and other EU countries.2. Participatory budgets, participatory governance and e-Democracy tools (CONSUL, DECIDIM and others) for civic engagement. We are interested to participate in active sharing best practices, different experiences and approaches of other EU countries, communities and organizations.3. Community Strength Building programmes focused at bringing up the strength and influence of city communities up to the level of becoming an equal partner for discussion with local government and local business. Building up the co-operation networks with advanced local communities and regional, national and EU umbrella organizations - thus expanding partnerships, creating the base for new social contract on local levels, leading to more sustainable EU cities and better quality of life. In this context of social contract, community strength is understood in the extent to which citizens, government and businesses engage in community networks, as well as in extent to which individuals inside the local community provide personal support to each other through bonds of neighbourhood, friendship and voluntary work initiatives. |
