INTERESTING FACT AND HALL OF FAME

Slavoj Žižek
Slovenian Marxist philosopher

He began by affirming that we lived in "dark times" before quickly being interrupted by someone in some sort of faux-boob suit and a noisy toy gun shouting what I imagine were protest slogans in a foreign language. This person was quickly restrained and ejected by a stout, formidable-looking woman. [Read more >](#)

Katarina Cas
Slovenian Actress

Katarina Cas was born on September 23, 1976 in Slovenj Gradec, Slovenia, Yugoslavia. She is an actress and assistant director, known for The Wolf of Wall Street (2013), The Guard (2011) and Pod sretnom zvijezdom (2011). [Read more >](#)

Jožef Plečnik
Slovenian Architect

Jože Plečnik was a Slovene architect who had a major impact on the modern identity of the city of Ljubljana, the capital of Slovenia, most notably by designing the iconic Triple Bridge and the the Slovene National and University Library building. [Read more >](#)

Tina Maze
Slovenian Alpine Skier

Tina Maze is a Slovenian World Cup alpine ski racer and a double Olympic gold medalist. She is the most successful female ski racer in Slovenian history with a career that culminated with two gold medals at the 2014 Winter Olympics. [Read more >](#)

BACHELOR'S LEVEL - HOW TO APPLY?

The following steps outline the application process for bachelor's programmes at Swedish universities. Applications are processed through the central application portal [Universityadmissions.se](https://universityadmissions.se).

Please note that for some programmes, mainly within the fine arts, application procedures and deadlines may vary. Always consult the university's official website for programme-specific application guidelines.

1. FIND YOUR PROGRAMME

The first step to applying for a bachelor's programme is finding the perfect one. Search programmes for the next application round under Programmes. You can also search for programmes directly at Universityadmissions.se. Programme listings are also offered directly at the websites of specific universities.

You can apply for up to eight programmes per application round.

2. CHECK ENTRY REQUIREMENTS AND DEADLINES

Each programme is subject to general entry requirements and programme-specific entry requirements. Once you've decided on the programmes you'd like to apply for, check both sets of guidelines to determine your eligibility:

General entry requirements for bachelor's programmes are available at [Universityadmissions.se](https://www.universityadmissions.se). Programme-specific entry requirements are given on each programme's webpage, which you can access directly through the programme's listing on this website or [Universityadmissions.se](https://www.universityadmissions.se). If you are currently completing your final year of upper-secondary school (high school), please also see [Universityadmissions.se](https://www.universityadmissions.se)'s information for students in their final year of upper-secondary school.

Also check relevant application dates and deadlines for the upcoming semester. The application deadline for programmes beginning in the autumn semester is usually mid-January.

Universityadmissions.se: Key dates and deadlines

3. APPLY ONLINE

Applications are made through the portal Universityadmissions.se, a central application service where you can apply for up to four different programmes at different universities around Sweden with one application.

The application will include the following:

Online application form (accessed through Universityadmissions.se during each application period)
Documentation of general eligibility
Proof of English proficiency
Documentation that you meet programme-specific entry requirements (see step 2 above)
Students who are not citizens of the EU, EEA or Switzerland are required to pay an application fee of SEK 900 along with their application.

Visit Universityadmissions.se for full details on how to apply and to submit your application.

4. WAIT TO RECEIVE NOTIFICATION OF ACCEPTANCE

After the deadline passes, your application will undergo a selection procedure determined by the individual university and based on various criteria, such as grades obtained and results of previous courses and degree projects. All of these will influence the outcome of your application.

The decision on whether to accept an applicant rests with the academic institutions themselves.

You will receive your admission results – the Notification of Selection Results – on Universityadmissions.se on the date relevant for your application round.

If you're accepted, you will need to confirm that you will attend the programme in question by answering yes to your notification.

If you're not a citizen of the EU, EEA or Switzerland you will also be required to pay the first instalment of the tuition fee (often the first semester's tuition) at this point.

5. APPLY FOR A RESIDENCE PERMIT

Students who are citizens of countries outside of the EU/EEA planning to study in Sweden for at least three months will need to apply for a residence permit for studies in Sweden. As the application process for residence permits can be lengthy, you should apply as soon as you have received your notification of admission.

See Residence permits and visas for more information on applying for a residence permit for studies in Sweden, as well as information for citizens of EU/EEA/Nordic countries and Switzerland.

6. COME TO SLOVENIA!

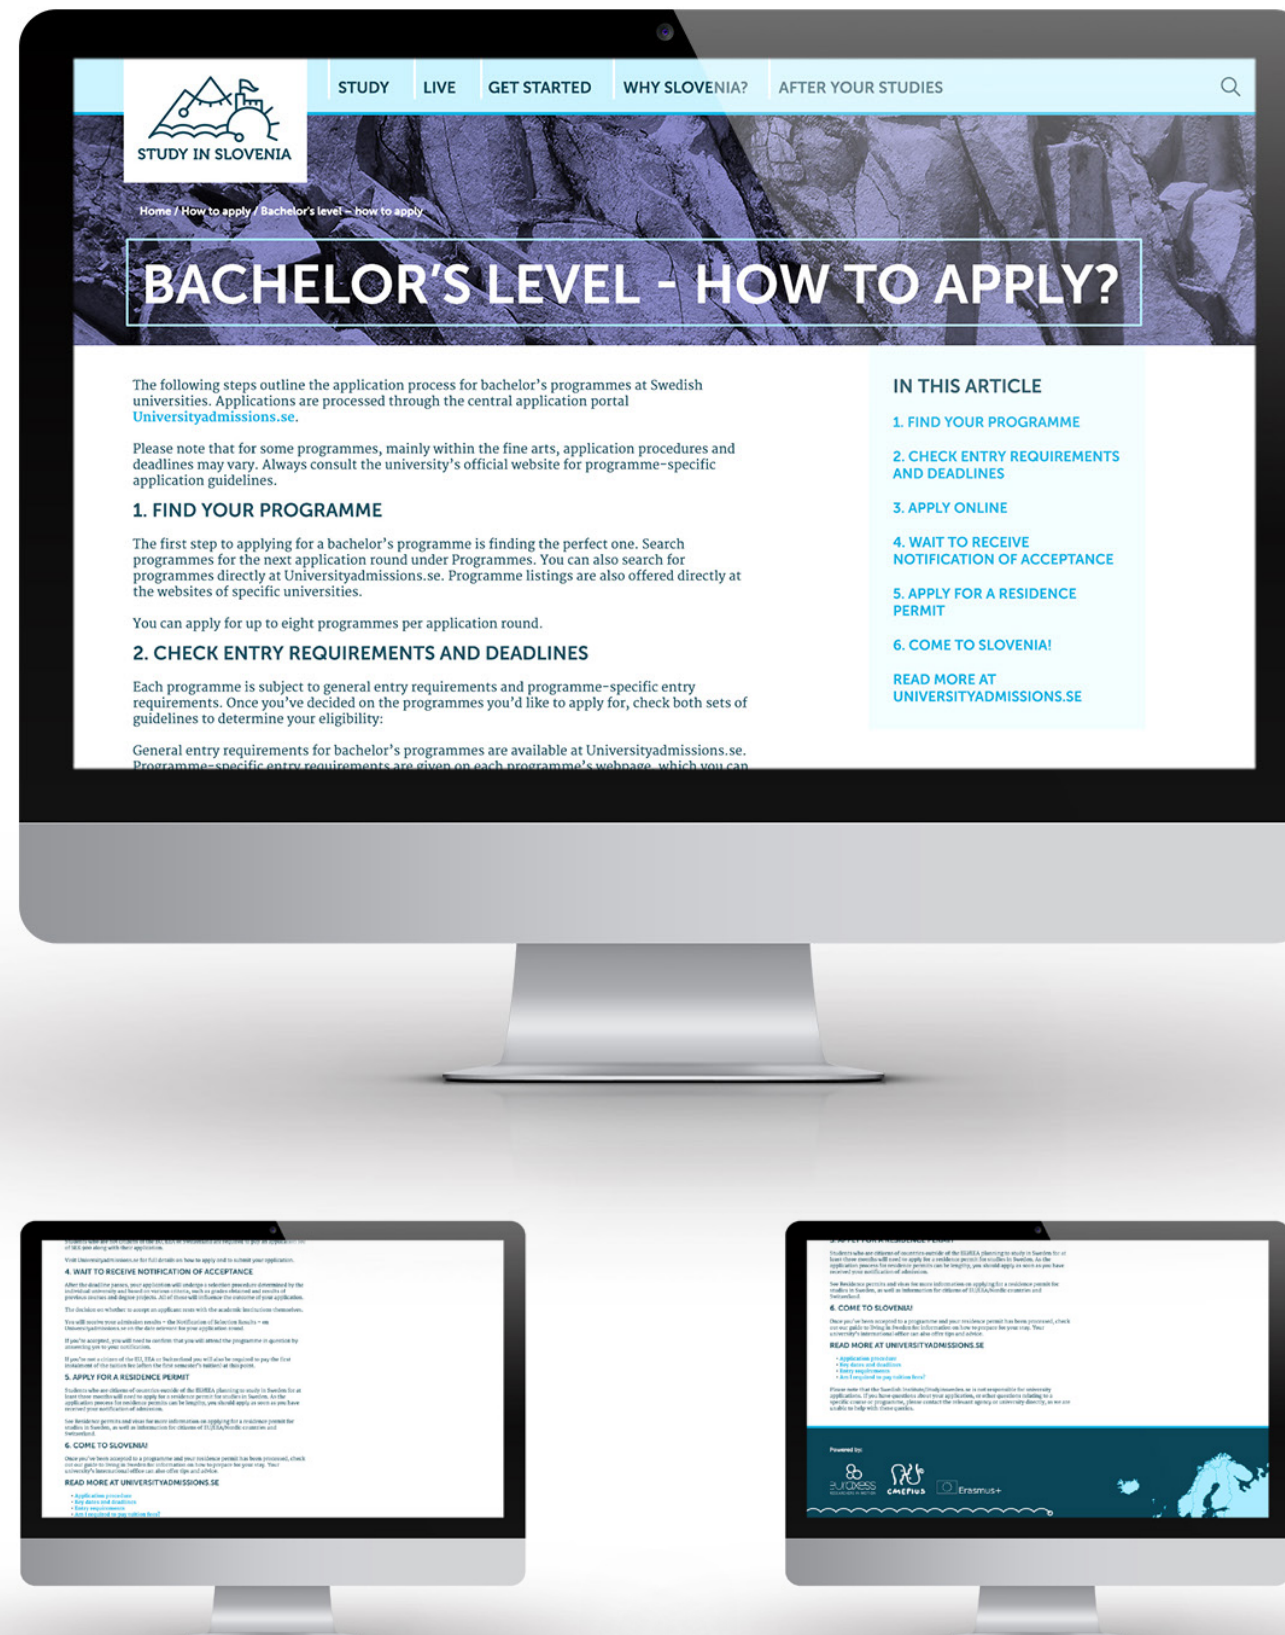

Once you've been accepted to a programme and your residence permit has been processed, check out our guide to living in Sweden for information on how to prepare for your stay. Your university's international office can also offer tips and advice.
