

# RULES OF BUDGET ALLOCATION FOR ACCREDITED APPLICANTS

## UNDER ERASMUS+ KEY ACTION 1

This document defines detailed rules of budget allocation for accredited applicants within the framework established in the Erasmus+ Programme Guide.

|                 |                         |
|-----------------|-------------------------|
| National Agency | SI01, SLOVENIA, CMEPIUS |
| Field           | School education        |
| Call year       | 2024                    |

### 1. AVAILABLE BUDGET

|  |                  |
|--|------------------|
| Total budget available for allocation <sup>1</sup> : | 2.425.042,16 EUR |
|--|------------------|

Out of the available budget, at least<sup>2</sup> the following amounts will be allocated for the specified purposes:

|  |                  |
|--|------------------|
| Basic grants and financial performance                   | 945.000 EUR      |
| Qualitative performance and policy priorities            | 1.470.042,16 EUR |
| Inclusion support for participants and exceptional costs | 10.000 EUR       |

### 2. ESTIMATING THE BUDGET REQUIRED TO IMPLEMENT THE REQUESTED ACTIVITIES

Based on the funding rules defined in the Programme Guide and historical data on grants for similar activities, the National Agency will estimate the budget required to implement the activities requested by each applicant. For budget categories applying unit contributions, applicants cannot be awarded a grant higher than the resulting estimated budget.

Cost categories 'Inclusion support for participants' and 'Exceptional costs' cannot be estimated in the same way. The National Agency will assess requests for these types of costs based on description and justification included in the application. During project implementation, beneficiaries can make further requests for these types of costs by submitting a written request to the National Agency. The National Agency will process such requests in order of reception, as long as funds remain available.

#### 2.1. Maximum grant<sup>3</sup>

**Maximum grant of 60.000 EUR will apply for accreditation for individual organisation.**

**Maximum grant of 100.000 EUR will apply for accreditation for mobility consortium coordinator.**

The maximum grant rule will apply only if the total demand for budget surpasses the total available funds.

<sup>1</sup> If additional funding becomes available, the National Agency may increase the available budget.

<sup>2</sup> Specified amounts may be lowered if all applicants have already been allocated the maximum amounts according to the rules set out in this document, or if a minor correction is required due to rounding rules.

<sup>3</sup> Maximum grant for applicants under observation may be further limited by the specific decision on establishment of observation measures.

Applicants that have completed their last accredited project with an absorption rate below 80 % will receive at most the amount of grant that they were able to absorb.

Cost categories 'Inclusion support for participants' and 'Exceptional costs' will not count towards the maximum grant.

## **2.2. Competitive allocation**

If the total budget available for allocation to accredited applicants is not sufficient to provide each applicant with the budget required to implement their requested activities (or their maximum grant, if applicable), then a competitive allocation will take place as described in section 3. However, if the total available budget is sufficient to fully address the requests of all applicants, then budget allocation rules defined in section 3 will not apply.

## **3. BUDGET ALLOCATION**

Budget allocation will take place in multiple phases. In each phase, the available budget will be divided between eligible applicants based on the criteria described below. For each applicant, the total awarded grant will be the sum of amounts they have received in each allocation phase (and any approved amount for cost categories 'Inclusion support for participants' and 'Exceptional costs').

If any applicant cannot receive further funds based on the rules in this document, then any surplus funds allocated to them will be divided among other applicants using the allocation rules specified for each phase. All allocated amounts will be rounded to the nearest whole Euro.

In this section, references to completed projects concern projects with an end date before 1 September 2023<sup>4</sup>.

### **3.1. First phase: basic grants and financial performance**

All applicants will receive at least the following basic grant: **15.000 EUR**.

Applicants that have scored less than 80 points in their last Erasmus quality standards report and Erasmus Plan progress report will have their basic grant reduced by 20 %. This penalty will be applied only twice per report.

Applicants penalised due to low report score may receive a basic grant lower than the one defined at the beginning of this section.

### **3.2. Second phase: qualitative performance and policy priorities**

Budget assigned to this phase will be divided among the applicants in proportion to their score and the estimated budget required to implement their requested activities.

The score of each applicant is calculated in two steps:

- a) For applicants that have completed at least one accredited project, the base score will be equal to the final report evaluation score of their last completed accredited project.

---

<sup>4</sup> Only KA121 projects linked to the accreditation code referenced in the application can be used for tracking past performance. For applicants that have completed only one or two projects, the highest absorbed grant will be determined based on those projects. The National Agency may exclude from consideration past projects that have been negatively affected by events outside of the beneficiary's control (*force majeure*).

For applicants that have not yet completed any accredited projects, the base score will be equal to the evaluation score of their accreditation application.

Applicants that have scored less than 80 points in their last Erasmus quality standards report and Erasmus Plan progress report will have their base score reduced by 20 %. This penalty will be applied only twice per report.

- b) A bonus to the base score will be applied according to the following criteria:
- Involvement of participants with fewer opportunities: extra 2 points for every 5 participants with fewer opportunities
  - More participants in teaching or training assignments and/or job-shadowing than courses and training: extra 2 points
  - Implementing long-term learning mobility of pupils (at least 1): extra 5 points

#### **4. TARGETS FOR DELIVERY**

If the applicant has been awarded the full estimated budget required to implement their requested activities, then the activities requested in the application will become the applicant's targets for delivery and will be included in their grant agreement. If the awarded grant is lower than the estimated budget required to implement the applicant's requested activities, then the targets for delivery will be lowered proportionally so that the awarded grant is sufficient to reach them.<sup>5</sup>

---

<sup>5</sup> The National Agency can make limited modifications to the proportional adjustment to allow for a better fit between the awarded grant and target activities, to ensure coherence with the approved Erasmus Plan, to provide adequate support for priority activities, to maintain at least one participant in each activity type and category requested by the applicant, and to comply with rules defined in the Programme Guide.
