*Dear Madams, Dear Sirs,*

The Polish National Agency for Academic Exchange has a pleasure to inform that in the academic year 2024/2025 – as it was the case in previous years – the realisation of the agreements and the bilateral exchanges - the international bilateral cooperation between Poland and Slovenia in the field of higher education included – will be conducted on the Polish side within the "Zawacka Programme - offer for incoming students and scientists 2024/2025". We have a pleasure to inform that the Polish National Agency for Academic Exchange has set a number of:

- 3 places for students for one-year or semester studies, especially for students of Slovenian or Polish studies (max 30 months);
- 16 months for students and researchers for research internships (length of individual stay from 1 to 9 months).

Please find attached:

- Announcement of the call for proposals for participation in the Programme and its translation into English (in case of discrepancies, the Polish version shall prevail)
- Regulations of the Polish National Agency for Academic Exchange - programmes for natural persons undertaking education (for candidates for full studies in Poland)
- Regulations of the Polish National Agency for Academic Exchange - programmes for natural persons

Please submit the list of selected Slovenian candidates to NAWA by April 30, 2024 - in accordance with the guidelines described in point 2.4 of the Announcement. Selected candidates will be asked to register in the ICT system and attach scans of the required documents to the system. Detailed instructions for registration will be provided at a later stage.

At the same time we encourage you to acquaint yourself with the scholarship offer of the Polish National Agency of the Academic Exchange, published on our webpage [www.nawa.gov.pl](http://www.nawa.gov.pl). In 2024 our offer will include programmes, allowing the cooperation between Polish and Slovenian universities

as well as individual mobility of students and researchers.

We hope that NAWA activities will contribute to even more dynamic international cooperation in the field of academic exchange and common research projects. In case of any questions we remain at your disposal.

*Yours faithfully,*

Dr Dawid Kostecki

Director General of the Agency
