TCA DOCUMENTS

TCA documents: Draft Programme TCA Civic Engagement - Outubro 2024 (002).pdf

TCA DESCRIPTION

Themes and goals: The aim is to set the start of a durable collaboration between the different agencies involved in the LTA project. The event will be the occasion to talk, about, reflect and explore the Networks Across Sectors in order to establish a European Community.

Expected results: The event is one of many events developed in collaboration with several Agencies on the civic engagement topic and on the management of the networks of the actors involved whether they are Ambassadors, Role Models, Euroapprentices, ESN or Alumni. The goal will be to start the discussion on the constitution of an integrated and synergic group of people trained and ready to disseminate – among students, teachers, and adults – communitarian opportunities and to build up a common sense of belonging to Europe

Additional information: The event is part of a plan of National and International events together with national Agencies involved in the LTA P.E.A.C.E. in order to organize and promote International Conferences. The event will start on the morning of the 30th October and it will finish the 02nd of November with Concert of The Erasmus Orchestra. The Portugues NA will cover the following meals: Lunch 31st, 01st and 02nd October, and the dinner of 01st of November. The Dinner of the 31st of October won't be covered.

Important notes: The Italian Erasmus+ National Agency – INDIRE is the coordinator, in collaboration with Partner National Agencies, of the Civic Engagement LTA “PEACE – Participation Erasmus Alumni for Civic Engagement LTA”. The LTA aims to spread the message of the importance of a multicultural and multilingual Europe, fostering synergies between new and existing networks of actors, stakeholders, and beneficiaries. The LTA goals are namely: 1. To unify the networks of Ambassadors, Alumni and Role Models between different countries to create an extensive organization of People committed to carry the messages of the European Commission and create a sense of civic belonging to Europe. 2. To create stable relations with the Institutions on the territory, to collaborate in promoting and organizing activities on the territories to consolidate and direct the civic engagement. 3. To create a structure of national Observatories that can periodically measure, by means of indicators, the improvements on the themes promoted by the European Commission (internationalisation, civic engagement, inclusion, green, digital, etc.) to identify the critical areas and design, together possible corrective actions. 4. To define a program of events to be repeated periodically on the territory. Starting in Italy at regional level, involving institutions, networks of Ambassadors, Alumni and Role Models and targeting teachers, territories, and citizens. 5. To organize international events in which Alumni/Ambassadors meet and create multi-

country groups to go and meet students and teachers together, bringing a message of common intent and union of cultures and races. To foster synergies between funds in order to increase the number of mobilities and projects granted, and to promote civic participation in European life.
