## TCA DESCRIPTION

**Themes and goals:** The goal of the study visit organised with the help of the Municipality of Kristiansund is to show an example of how municipalities can use E+ strategically to raise the quality of their services in term of pre-schooling, schooling, (pre-schoolers, pupils up to 15 and Adult Education), special education, etc., while keeping in mind the need for social sustainability. The visit will also allow networking and a pre-school or school visit.

**Expected results:** Participants get inspiration to use Erasmus+ strategically at municipality level. If participants' municipalities already are engaged in Erasmus+

**Additional information:** The event will take place in Kristiansund. The city is not easy to reach and you might consider the following options:- fly to Kristiansund Airport (KSU) - bus from Trondheim after flying to Trondheim Airport (TRD)- boat from Trondheim after flying to Trondheim Airport (TRD) Chosen participants should contact their National Agencies regarding the travel costs for their participation.

**Important notes:** Kristiansund is not easy to reach. National Agencies (NAs) should be aware of the relatively long travel distances in Norway and take into account the possible need for extra travel days or/and high travel expenses for their participants. NAs should recruit with the understanding that they need to build a reserve list. Withdrawals due to "difficult or expensive travel routes" should not occur. Selected participants will take part in all activities organised by the receiving NA. Potential participants wishing to leave earlier than 12:00 on Friday, 25th April, should be excluded. We will not be using Salto for the administration of the participants and expect your list of selected participants no later than March, 12th 2025.
