Cooperation partnerships are funded with fixed lump sums. After choosing a lump sum amount, you need to break it down into work packages and specific activities that you will carry out to successfully complete the project.

Note on subcontracting: subcontracting of services is allowed if it does not cover core activities on which the achievement of the objectives of the action directly depends. If subcontracting is planned, the amount budgeted for it must be included in the description of the activities in this section.

Activities - WP2: test (1)

Please list and describe the activities in this work package. For each activity, you need to provide information about its venue, duration, estimated number of participants etc.), to define the activity's lead organisation, and optionally to list the other participating organisations. The lead organisation is typically the one organising the activity. The other participating organisations are all other project partners who will also take part in the particular activity. The estimated activity start and end dates can be changed during implementation.

Keep in mind that the Erasmus+ Programme is offering co-financing for your project. This means that the EU grant can only cover a part of the project costs, while the rest must be covered by the participating organisations either in form of additional funding, or in form of invested goods, services and work.
