TCA DESCRIPTION

Themes and goals:	This seminar focuses on partner finding and creating strong partnerships within Erasmus+, for organisations working in formal adult education. The main goal is to help participants finding the right partners and building strong, long-lasting collaborations for both KA1 and KA2 projects. The seminar will give practical insights into what makes a good partnership, how to align expectations, and how to work together effectively. Participants will also learn more about Erasmus+ priorities and how to develop solid project ideas. Through workshops, examples from experienced beneficiaries, and networking activities, they will have the chance to exchange ideas and start new collaborations. A visit to VUC Roskilde, an adult education institution that has been active in Erasmus+ for several years, will provide a concrete example of how Erasmus+ projects can be integrated into everyday practice. Overall, the seminar aims to give participants useful tools, inspiration, and connections to create strong and successful Erasmus+ partnerships.
Expected results:	The expected learning outcome of the seminar is the following: Participants will gain insight into the Danish adult education system. Participants will learn about building partnerships in an Erasmus+ context. Participants will have the opportunity to find partners for future projects and pitch their own ideas. Participants will experience a formal Danish Adult Education Centre in practice. Participants will connect with like-minded peers from across Europe.
